This Lab-Physics is brought to you for free and open access by the A Longitudinal Study of Language Adaptation at Multiple Timescales in Native- and Non-Native Speakers at Academic Commons. It has been accepted for inclusion in Ethnography Transcription by an authorized administrator of Academic Commons. For more information, please contact mona.ramonetti@stonybrook.edu, hu.wang.2@stonybrook.edu.

Setting:

physics lab

Participants:

IS5 is girl in black sweater and white collared shirt. S1 is girl with green shirt

Not much conversation happening.

She just writes out a problem for the student and says it out loud.

Interestingly the student saids "ok hold on let me calculate this," probably more as a talking to self thing than asking the TA to physically wait. But is5 waits a bit and leaves.
